Letter of Support - Langley International Festival

On behalf of Langley City Council I am pleased to write this letter in support of the Langley International Festival being planned for summer 2009 in Douglas Park. This event is an exciting opportunity to bring awareness to the cultural diversity of Langley and neighboring communities.

In addition to promoting tourism within the City of Langley, the significance of the Langley International Festival is immeasurable as it provides a venue which brings people of all cultural backgrounds together to celebrate both their similarities and their differences. This event provides great entertainment for families in the community while educating people in our society about the advantages of cultural diversity.

We commend the organizers and volunteers of the Langley International Festival for your commitment to such a worthwhile event. We wish you continued great success in this significant endeavor.

Sincerely,
City of Langley
