**LANGLEY'S INTERNATIONAL FESTIVAL (LIF) PRESENTS  
"INTERNATIONAL FILM NIGHTS" AT THE FRASER RIVER PRESENTATION  
THEATRE.**

Langley-June 5, 2007-In partnership with the Vancouver Latin American Film Festival, the LIF is presenting a collection of films on July 19<sup>th</sup> and July 20<sup>th</sup> at the Fraser River Presentation Theatre as a fundraiser for Langley's International Festival, taking place on July 21, 2007.

The diverse collection of films include a film from Mexico called, "To the other side" by Gustavo Loza, a Cuban film called "Viva Cuba" by Juan Carlos Cremata, as well as two Canadian films, "Musique Rebelles of the Americas", a documentary by Marie Botie and Oscar-nominated "Water" by Deepa Metha.

All four films have powerful themes focusing on topics such as immigration, cultural traditions, political expression and friendship. *Viva Cuba* is a story about two youngsters' brief island adventure; *To the Other Side*, frames four examples of the familial impact of immigration and *Musiques Rebelles of the Americas* is a snapshot of the lives of four musicians in Latin America who use music as a powerful form of expression. The Canadian film *Water* dances around cultural portraits of a young widow from India. Last year the release of this movie was a breakthrough and we are proud to be presenting this powerful film to a Langley audience.
